

# Using Winsock Fixes

## Windows PCs ONLY

Download the Winsock fix for your version of Windows. For Windows 98/Me you will download the w2fix version. For Windows XP you will download the winsockxpfix:

### Windows 98/Me

1. Double-click the Winsock fix icon to run program.
2. When prompted, restart computer.

### Windows XP

1. Double-click the Winsock fix icon to run program.
2. At the "Security Warning" screen click "Run."
3. At the VP\_WinFix 1.2 screen click the "Fix" button:

4. When prompted, restart computer.
